

Patient Portal Policy and Procedures

Current functionality of Patient Portal:

- **Lab/Test results:** Here you can view and print labs results done by labs that can interface with our computer systems.
- **Health Summary:** Here you can view various parts of your electronic health records such as; problem list, and allergy list.
- **Medications:** Here you can view an updated medication list.

Conditions of Participating in the Patient Portal:

- The patient portal is a free and optional service, which we may suspend or terminate at any time. You agree not to hold Dr. Iqbal Saeed or any staff member liable for network infractions.

Secure Patient Portal:

- The patient portal is a secure web portal that uses encryption to keep unauthorized person from reading communication, information, or attachment. Secure information can only be read by some who know the right password or pass-phrase to log in to the portal site.
